Something in the way you move

Lets me get too close to you

I tremble when I look at your face

And I want all the world to see

Tonight the world belongs to me

Touch me with your animal grace

Put your hand on my heart

And the feel the need in me

Let me be the one

Lead me into temptation

And show me the right side of wrong

Let me be the one

Take me in from the cold

Gimme something to hold

Let me be the one

Let me be the one

Burning in the afterglow

Catch the wind and let it go

Washed away like words in the sand

A passion that's so physical, electric and untouchable

Don't wanna let it slip through my hands

Put your hand on my heart  
And the feel the need in me  
Let me be the one  
Lead me into temptation  
And show me the right side of wrong  
Let me be the one  
Take me in from the cold  
Gimme something to hold  
Don't let this dream pass by  
Just spread your wings and fly  
Reach out and touch  
Let your heart just bring me in  
I'll be your oxygen  
Put your hand on my heart  
And the feel the need in me  
Let me be the one  
Lead me into temptation  
And show me the right side of wrong  
Let me be the one  
Take me in from the cold  
Gimme something to hold  
Let me be the one  
Let me be the one  
Ohoh, let me be the one  
Let me be the one
