I wanna know you better

Let's spend some time together

I wanna be what's on your mind

Look in my eyes, they're calling

I need your love to fall in

If you could just give me a sign

I can't get over baby

I can't get over now

I can't get over this feeling I feel

Now, right now

If the fire inside you

Feels like I feel now

Right now

Deep inside of me

Deep inside of me

I'm tired of make believin'

I'm lost and barely breathing

I'm on the ceiling, help me down, yeah, yeah

So stop my heart from aching

I'll be the risk you're taking

And I won't rest until you're mine, oh

I wanna show you baby
I wanna show you now
I wanna tell ya this feeling I feel
Now, right now
If the fire inside you
Feels like I feel now
Right now
If it's love you're craving
It's a love worth saving
Can't get over this feeling I feel now, yeah
Now, right now
Let the fire inside you
Burn like I do
Now, right now
If there's a love you're craving
It's a love worth saving
Deep inside of me
Deep inside, deep inside of me
Deep inside, deep inside of me
Deep inside of me
Deep inside
