Does it hurt to remember

Does it help to forget

Do you know what you started

When you lit the fuse of regret

There's not a reason why you've come undone

There's nothing left to justify, this can't go on

There's nothing left inside as I walk this broken land

Cause you're living on a paper sun

Blind to all the damage done

Living on a paper sun

Waiting for the tide to turn

Living on a paper sun

You can't hide and you can't run

All your dreams have come and gone

Living on a paper sun

Do you still hear 'em screamin'

And does the fear make you run

Is the anger inside of you

A gift from father to son

I don't believe in you, you've come undone

I don't believe in what you do, this can't go on

I don't believe in you as I walk this broken land
Cause you're living on a paper sun
Blind to all the damage done
Living on a paper sun
Waiting for the tide to turn
Living on a paper sun
You can't hide and you can't run
All your dreams have come and gone
Living on a paper.....
You will discover the way to suffer
And like no other you feed the fire
There's not a reason why you've come undone
There's nothing left to justify, this can't go on
There's nothing left inside as I walk this broken land
Cause you're living on a paper sun
Blind to all the damage done
Living on a paper sun
Waiting for the tide to turn
Living on a paper sun
Waiting for the night
All your dreams have come and gone
