Well, in the middle of the night and the early morning
light

You can hear them a million miles away

They'll be bangin' on their drums bangin' on your door

Waving their flags telling you to score

Watch out for the rock brigade (rock brigade)

Oh no, it's the rock brigade (rock brigade)

Look out for the rock brigade

Leading you away, away

So when they hit your town you'd better get down

I'm telling no lies to you mister

Cause they live for rock'n'roll they'll try to steal your
soul

Might even try to steal your sister

Watch out for the rock brigade (rock brigade)

Oh no it's the rock brigade (rock brigade)

Look out for the rock brigade

Leading you away, away, away

So in the middle of the night or the early morning light

If you hear them comin' your way

Well you'd better watch your step don't step out of line

Cause here they come one more time

Watch out for the rock brigade (rock brigade)

Oh no it's the rock brigade (rock brigade)

Look out for the rock brigade (rock brigade)

You better watch for the rock brigade (rock brigade)

I say watch out for the rock brigade (rock brigade)

Keep your eyes on the rock brigade (rock brigade)

Don't let your eyes off the rock brigade (rock brigade)

They'll be leading you away, away, away
