Ooohhhahhhhh

How can I know

How can I see it through your eyes

Now you know

All those promises were lies

You close your eyes

You close your mind

To all you lost

I count the days

I count the ways

I count the cost

All that you are, no conscience

All you believe, no pride

All that you take, no reason

All that you leave, no right

All that you lose, no sorrow

All that you find, no shame

Can't take away the scar you left behind

How do you cry

When you've run right of tears

You justify

But the pain won't disappear

I count the days

I count the ways

I count the cost

All that you are, no conscience

All you believe, no pride

All that you take, no reason

All that you leave, no right

All that you lose, no sorrow

All that you find, no shame

Can't take away the scar you left

You close your eyes

You close your mind

To all you lost

I count the days

I count the ways

I count the cost

All that you are, no conscience

All you believe, no pride

All that you take, no reason

All that you leave, no right

All that you lose, no sorrow

All that you find, no shame

Can't take away the scar you left behind

Ooohhh ahhhhh
