FEATURING BOOTSY COLLINS & INTRODUCING LISA MARIE

Lisa-Marie you're a beautiful girl

Do you really think so?

True perfection

But can I really do it?

Take it to the ball and on that runway
Walk the body
And remember, shoot that arrow!

No matter what I do, no matter what I say
My t-shirt's changed since yesterday
I look into the mirror and my t-shirt's got a mark
I guess it's just because my life is falling apart

But I felt something hurting
And a boy said,
There's somethin' jumpin'
Jumpin' in my shirt

Something's jumpin, jumpin in your shirt
Something's jumpin, does it really hurt?
Something's jumpin, my hearts on red alert

Walk the body! Walk the body!
Lisa Lisa, Lisa Lisa

I know this feeling
Oh it's hurting, just because love is growing
Oh ah ah, please don't stop
It must be love

Something's jumpin, it must be love
Something's jumpin! Jumpin in your shirt

The pain it really hurts

Something's jumpin, it must be love
Something's jumpin! Jumpin in your shirt
The pain it really hurts

No matter what I do
No matter what I say
The boys see me in a whole new way
It's different now, they're all love bound
But I don't like love,
I kick it around, I kick it around

But I felt something hurting
And the boys said
There's something jumpin!
Jumpin in your shirt

Walk the body! Walk the body!
Lisa Lisa, Lisa Lisa

I know this feeling
Oh it's hurting, just because love is growing
Oh ah ah, please don't stop
It must be love

I've got courage and I feel brave
If those boys try to hurt me
I'll end their happy day

Jump!
It must be love
There's something jumpin! Jumpin in your shirt
Something's jumpin
It must be love
Jump!
It must be love
