May The Dead Rise And Smell The Incense

[Music written by Necrosodom Anno 2003]

(Ages has past since when the Ancient Ones polluted
the Earth...

...Many centuries before the creation of man)

Cry out their names on the top of the mountain
Moonlight shall strengthen the spells
Amongst the circle of the magic stones
Fires of equinox shall devour the sacrifice

May the dead rise and smell the incense

Beyond the crimson horizon
Where sons of Typhoon howling their psalm
All the stars are dead - future is now
Man is the key - the seal has been broken
Beyond the crimson horizon
Desert buried the temples of Offal
Where sons of Typhoon howling their psalm
Beyond the glacial towers
Beyond Infinity

Cry out their names on the top of the mountain
Cometh shall bring the mayhem
Amongst the circle of the magic stones
The covenant signed with blood and steel

May the dead rise and smell the incense

Azathoth - formless primordial chaos
...I summon thee from the emptiness

Yog-Sothoth - the gate of omnipotence
...I summon thee from the maze of time

Shub Niggurath - the goat enshroud in blackness
...I summon thee from the forest of N'gai

Nyarlatotep - messenger of their will
...I summon thee from the path of the serpent

Hastur - avenger stalking on the wind
...I summon thee from the lake of Hali

Cthulhu - dead but dreaming granter of nightmares
...I summon thee from the sunken R'Lyeh

All the stars are dead - the future is now
Man is the key - the seal has been broken
The ancient evil shall be awoken and pollute the earth
once again
...And the dead will rise and smell the incense
