Oh I'm blue black and I'm evil, and I did not make myself
Says I'm blue black and evil, and I did not make myself
Anywhere I don't find the woman that I'm lovin', I don't
want nobody else

Says I believe, I believe, the good Lord has put a curse
on me
I believe, I believe, the good Lord has put a curse on
me
Because every woman that I got, some man takes away
from me

I'm gonna buy me a bulldog, to watch me while I sleep
I'm gonna buy me a bulldog, to watch me while I sleep
So I can't wake up at night, and make my midnight
creep

Mmmm... mmm...
Aahh... aahhh...
Aahh.. Lordy Lordy Lord

Says I'm gonna change my ways of livin', so I won't
have to worry no more
Says I'm gonna change my ways of livin', so I won't
have to worry no more
Says I'm gon' let some real good woman, enter my
backdoor
