Everyone has hopes and dreams
a plan on life
you could reach your goals by
believing in yourself and
following through
live in the world
fearless and brave
you are going to make it
seize the day
have a guide in your life
love will light the way
you won't go astray

live your life
live life
the good life
live your life
live life
the good life
live your life
live life
the way you choose

live you life
live life
the good life
live your life
live life

your own way

live your life

live without strife
make it through each day
live the good life
feel loved for who you are
you won't go astray

the things you desire
are within your grasp
you have got what it takes
to make it in the world
seize the day
believe in yourself and
come through a hit
you could walk on easy street
big-timer

turnaround then you will net
trust and gain
you won't go astray

live your life

live your life

make the most of day
