What if love defined
has a slang meaning
of a muse playing a tune
for people to hear
each piece unique
a melody
or speaks about
the rhythm of life

let the muse
play on
play on
sending love to people
by playing a tune
people cheer the muse
people love the tune

what if love is
hot and spicy
hot as red chili pepper
uplifting
an aeroplane flying
red hot chili
bold
fiery
rollercoaster ride
hot and spicy

what if love is
hot and spicy
cinnamon spice
a sweet delight
delicious
inviting
reminds me how
the love from a girl
is cinnamon
hot and spicy

what if love is
hot and spicy
the spice of sailing
on the sea
a boat sailing on
cool marine blue water
the wind blowing
powering sails
on a journey
hot and spicy

what if love is
hot and spicy
the spice of flowers
from a garden
jasmine scent wafting
amid the summer breeze
delicate as a bellflower
spring blossoms soft perfume
or an alluring rose
hot and spicy

what if love is
hot and spicy
a hot game of chances
if that were placed on me
I could roll the dice
come up a winner
play a card game
I'm dealt winning cards
find I'm lucky
lucky at love

what if love is
hot and spicy
the spice of a memory
pictures I cherish
I'm able to reminisce
vivid memories
I remember
yesterday
glory days
hot and spicy
