Move your body  
at the light of rising sun  
move your body  
the day has begun  
move your body  
if your day is busy you must run  
move your body  
right away  
move your body  
get the most out of the day  
soiree with the megastar who shines

move your body  
the rhythm is pumping  
move your body  
you will keep jumping  
move your body  
that tonic starts you bumping  
move your body  
fire it up  
move your body  
crank the slick beats up  
soiree with the megastar who shines

move your body  
get on your feet  
move your body  
we are coming out to meet  
move your body

love is sweet  
move your body  
get up off your seat  
move your body  
to the beat  
soiree with the megastar who shines

move your body  
tell the people you know  
move your body  
bring everyone let the circle grow  
move your body

see the megastar at a show  
move your body  
together we will make it to the top  
move your body  
we have got the beats you cannot stop  
soiree with the megastar who shines

move your body  
in a group or on your own  
move your body  
paint the town  
move your body  
bring the house down  
move your body  
spread love around  
move your body  
love will take you higher off the ground  
soiree with the megastar who shines.
