"Party At The Club"

Visit "[Party At The Club](#)" on [MotoLyrics.com](#)

Party animals are in a lively mood
for a get together at the club
social milieu
a place where people meet up
party at the club

hot summer nights
are party nights
we'll have a party night on a
hot summer night

everyone from the nabe
has come to the fete
cheerful guys and girls mingling
are getting to know each other
party at the club

hot summer nights
are party nights
we'll have a party night on a
hot summer night

people pack the venue
the place is full of life
a fete of swinging singles, couples and groups
each person reveling
party at the club

hot summer nights
are party nights
we'll have a party night on a
hot summer night.
