Ange take a bite of The Big Apple
make yourself at ease in Wonderful Town
grab a dream and make it real
in The City of Golden Dreams
Ange have anything that you choose
I know those storm clouds will disappear

people are friendly in The Big City
and that fills you with wonder
New York is The Melting Pot
where culture thrives
the warmth of their love
brings you here
The Empire City
The City that Never Sleeps

Ange walk on the winding roads through Central Park
the landscape has large meadows, lakes and hills
scent of fresh flowers in the breeze
songbirds singing in the trees
children having fun and games in the playground
folks are enjoying the park

people are friendly in The Big City
and that fills you with wonder
New York is The Melting Pot
where culture thrives
the warmth of their love
brings you here
The Empire City
The City that Never Sleeps

Ange come across Midtown Manhattan
the scenery and skyline are beautiful
Times Square in the
heart of the city
is the Crossroads of the World
every building has a billboard

people are friendly in The Big City
and that fills you with wonder
New York is The Melting Pot

where culture thrives
the warmth of their love
brings you here
The Empire City
The City that Never Sleeps

Ange see a Broadway show
at The Broadway on 53rd Street
neon lights glamorize Broadway
Great White Way
brightens the city
it will electrify your senses

people are friendly in The Big City
and that fills you with wonder
New York is The Melting Pot
where culture thrives
the warmth of their love
brings you here
The Empire City
The City that Never Sleeps

Ange taste the finer things in life
New York is the big city with everything
you could buy anything
the best fashion
fancy diamonds and cars
New York is The Money Town

people are friendly in The Big City
and that fills you with wonder
New York is The Melting Pot
where culture thrives
the warmth of their love
brings you here
The Empire City
The City that Never Sleeps

Ange the tower lights are shimmering
on Empire State Building
while you are at
the tallest building in the world
look down on the city
you will feel on top of the world

people are friendly in The Big City
and that fills you with wonder
New York is The Melting Pot
where culture thrives
the warmth of their love
brings you here

The Empire City
The City that Never Sleeps.
