You've got zest
it's like you came from the wild west
smart you'd pass every test
let's face it you're the greatest
your love is much better than the rest
you've got
ah ah ah
zest

you've got zest
put on a swanky dress
make-up and style your tress
dress to impress
you're a success
you've got
ah ah ah
zest

you've got zest
it's like you came from the wild west
smart you'd pass every test
let's face it you're the greatest
your love is much better than the rest
you've got
ah ah ah
zest

you've got zest
somebody who has a quick wit
have a smash hit
your eyes are starlit
love you to bits
you've got
ah ah ah
zest

you've got zest
it's like you came from the wild west
smart you'd pass every test
let's face it you're the greatest
your love is much better than the rest
you've got

ah ah ah
zest

you've got zest
it's like you came from the wild west
smart you'd pass every test
let's face it you're the greatest
your love is much better than the rest
you've got
ah ah ah
zest

you've got zest
fresh as water from a spring
tug at heartstrings
reverie you'll have a fling
or a romantic cling
you've got
ah ah ah
zest

you've got zest
it's like you came from the wild west
smart you'd pass every test
let's face it you're the greatest
your love is much better than the rest
you've got
ah ah ah
zest

you've got zest
well refined and high class
you're a lovely lass
let me pour a drink in your glass
being around you is such a gas
you've got
ah ah ah
zest

you've got zest
it's like you came from the wild west
smart you'd pass every test
let's face it your the greatest
your love is much better than the rest
you've got
ah ah ah
zest.
