Talking

I can't handle it  
What can I do to get you out my life?  
Playing silly games and messing with my mind  
I can't handle it  
I think that you just went too far this time  
Now I'm moving on  
'Cause it's all over

Every woman  
Needs a man  
That can hold her  
And understand  
But if you knew  
How to treat a woman  
She would've stayed  
But it's all over now  
And I can't take it no more  
And I'm headed out that door  
But it's okay  
That you're not in my life  
But I know I'll be alright

I can't handle it  
What can I do to get you out my life?  
Playing silly games and messing with my mind  
I can't handle it  
I think that you just went too far this time  
Now I'm moving on  
'Cause it's all over  
(repeat)

You're all alone  
And it's a shame  
That things couldn't go the other way  
But it's too late  
Got to get away

It seems like I've been with you forever  
In a day  
And I can't take it no more  
And I'm headed out that door  
But it's okay  
That you're not in my life  
But I know I'll be alright

I can't handle it  
What can I do to get you out my life?  
Playing silly games and messing with my mind  
I can't handle it  
I think that you just went too far this time  
Now I'm moving on  
'Cause it's all over  
(repeat)
