"I Told You So"

I wake up in the morning
I've been looking for a bed
Somebody told me
You've been sleeping in too late
I told you so, I told you so
I told you so, I told you so
Now it's too late to stop, I told you so
I've been taking this trouble
Just to set my mind at ease
A man comes in crawling
Won't you please, please, please
I told you so
I never did expect
To have to carry so much weight
But the photographs are ready
You're twenty minutes late
I told you so
