Haven't we been here before  
Footsteps lead down to the note on the door  
That says I can't stay here anymore

And haven't we felt this same way  
Sure in our hearts, but afraid just the same  
To say I can't stay one minute more

You might think that it's hopeless  
Beyond our control  
But that's not necessarily so  
Can't you see there's a chance  
For the daring young soul  
Who's finally learned to say no

No, I won't be misused  
Ignored or refused  
And I won't just give up and let go

So tonight hold me close to you  
And don't give up what's important to you  
And as time rolls on  
Nothing can stand in our way

And I believe if we learn from the past  
We'd say haven't we been here before?  
And I believe if we opened our hearts  
We'd find keys to unlock every door  
Dark would turn into light  
We'd be strong  
We'd be right

So tonight hold me close to you  
And don't give up what's important to you  
And as time rolls on  
Nothing will stand in our way

And I believe if we learn from the past  
We'd say haven't we been here before  
Oh, and I believe if we open our hearts  
We'd find keys to unlock every door

Hearts could change overnight  
We'd be strong...We'd be right  
So stay with me now  
The future is ours  
And we'll be the ones who go on
