Your the girl of my dreams

Your the one in my heart

But there's so much of you to love

I don't know where to start

I've seen whales on the ocean

I've seen cows on the plain

But the sheer size of you is the only memory that
remains

She's my overweight lover my overweight lover yeah

She's my overweight lover my overweight lover
overweight lover

When we go to bed I never count sheep

But the thing that scares me the most

is that you might roll over in your sleep

each time when we make love I'm so glad your not thin

I'm movin and I'm grovin but tell me darlin am I in

CHORUS

She sounds like deisel when she cums in the night

and squeels like a trailer full of pigs

lockin up the brakes at 90 miles per hour

I love you so much your the best that I've found

If you could sell your love by weight you'd be

the most expensive piece around

Chorus Repeats
