Thurston]  
I've seen things ain't the same  
Since I had you in my dream  
Play mate heaven tonite  
Play when the playing is right  
Now you can count on me  
I will stay  
See through days are free  
Every way  
Come out and play a while  
Sun is up  
Play with your friendly smile  
Butterfly is up  
I should never give up  
The things that never can stop  
Why don't people believe  
Hide all the things that you see  
And now I can walk away  
On my own  
Learn something new every day  
Sun is gone  
Thanks for the memory babe  
Lady day  
Lay lady hey lets stay  
Staying home  
Come back and play awhile
