Belli voces cum mortis campanis resonabant  
Ulciscendi cupiditas corpora et animos incendit

"But destiny had already crowned his man: the  
Conqueror prevailed"

Magnus cruciatus haroldis cord invasit

Lookin' at this rout  
I can hear the call of death deep in my heart  
While I stay apart  
Infantrymen and Knights are fighting for a glory  
But they recognize the cause of my promises

I cannot bear all this guilt  
I am the King of the reign  
In this land I command  
Under the guide of my sword  
My wills could become real  
But this time I will loose my crown

Arrows are falling down over my army  
There's a mystical shade  
It's the anger of fate  
I'm feeling the darkness, the revenge against all my life  
Against my empire

Loneliness, tragedy, pain

Are flooding this grieved heart  
Growing sweat on my face  
William, you win your challenge  
But you won't get my regress as long as I'm alive!

Wait for me, I say wait for more  
Cold as ice when you'll lay your blow  
In my disgrace there's your face, there's my pain

Revenge and curse are falling  
Over my tormented domain  
Over my last desires  
Legions of death are breaking my army

I can't stop this hate  
I'm feeling the Anger of Fate

Wait for me, wait for my defeat  
In all these years, there was you in my fears

Revenge and curse are falling  
Over my tormented domain  
Over my last desires

Legions of death are breaking my army  
I can't stop this hate  
I can't stop the Anger of Fate
