Rex normannus strenue vicit
But the cruel bloodshed
Suum bellicum animum commovit

Kyrie eleison

Reigns the calm over Sentlach
On the distressed "lake of blood"
Young men dead lie near me
Valiant sons of Normandy

Lord of the graces
Bless my fallen men
Let me know my defaults to quiet my conceited soul

Waiting for the holy day
The future of the crown depends on me
Few joys for my broken heart
'cause the throne is stained with blood

I lost the faith to vindicate my rights
Against my wish and desires
Breaking the life of innocent men
I defied the sky damning my hands

Acris victoria capta magno sacrificio
Perturbavit animum victoris

Demons on the crown

Growing vexation and shades
Beyond my guise
Marks of unforgotten pain

Sadness in my mind
Dims the reasons of my claim
And how can I
Live with this unwitting , deep remorse

Lugubre fatum!
Exsecratio vade retro!

Worrying flash in my sleepless nights
The visions of death relive through my eyes

I lost the faith to vindicate my rights
Against my wish and desires
Breaking the life of innocent men
I defied the sky damning my hands

Demons on the crown
Growing vexation and shades
Beyond my guise
Marks of unforgotten pain

Sadness in my mind
Darkens the cause of my claim
Inside it's shaking
How can I forget that killing dart

Kyrie eleison
