I wear my sunglasses at night
so I can
so I can
Watch you weave then breath your story lines.

And I wear my sunglasses at night
so I can
so I can
Keep track of the visions in my eyes.

Don't masquerade with the guy in shades
oh no
Don't masquerade with the guy in shades
oh no
Don't masquerade with the guy in shades
oh no
Don't masquerade with the guy in shades
oh no

I wear my sunglasses at night
so I can
so I can
Watch you weave then breath your story lines. (x5)

Don't masquerade with the guy in shades
oh no
Don't masquerade with the guy in shades
oh no
Don't masquerade with the guy in shades
oh no
Don't masquerade with the guy in shades
oh no

I wear my sunglasses at night
so I can
so I can
Watch you weave then breath your story lines. (x29)
