And you know how much I love you
And how much I wanna hold you
How could you do this to me
Girl since you closed the door in my face
Its been like a dark hall that has no end
I'm looking at this bottle
Gonna drink it till its gone
You might as well say this is the end
Dont know what I'm gonna do
I don't know what I'm gone do without you baby
I don't know how I'm gone live without you lady
My life just ain't nothin without you by my side
It feels just like suicide
Feels like I'm on a plane ride
Facing its final hour
I'm goin blind and I cant see
In front of the judge facing the death penalty
Lock and throw away the key
Cant you see
I cant think, I cant sleep, I cant eat, feel so weak
I need you to rescue me

Take me from this misery
I don't know what I'm gone do without you baby
I don't know how I'm gone live without you lady
My life just ain't nothin without you by my side
It feels just like suicide
It wont be long before I go down
I need you girl to come around
I don't know how long it will be
Wont somebody come see about me
Im on my knees praying to you
Gonna do something that I should not do
I just cant take this pain
I don't know what I'm gone do without you baby
I don't know how I'm gone live without you lady
My life just ain't nothin without you by my side
It feels just like suicide
I don't know what I'm gone do without you baby
I don't know how I'm gone live without you lady
My life just ain't nothin without you by my side
It feels just like suicide
Boom, boom, boom [5x]
