Your message is clear you sound so sincere your
intentions are good
The forgiveness of sin life without end I'd believe it if I
could
But I've watched from afar and I've seen how you are
with the people
you're around
And I don't see a trace of the love and the grace you
talk so much about
If you want to lead me to Jesus you'd better find a
better way
'Cause your life is speaking so loud I can't even hear a
word you say
If winning the duel is your golden rule no matter the
cost
Then you may win the day but the price you pay is the
greater war that's
lost
You would not believe how different it seems from the
outside looking in
But the louder you shout the more I tune out and the
less I am convinced
If you want to lead me to Jesus you'd better find a
better way
'Cause your life is speaking so loud I can't even hear a
word you say
I want to believe but I am going to need you to work
with me here
Work with me here
Work with me here
If you want to lead me to Jesus you'd better find a
better way
'Cause your life is speaking so loud I can't even hear a
word
If you want to lead me to Jesus you'd better find a
better way
'Cause your life is speaking so loud I can't even hear a
word you say
Hear a word you say
Hear a word you say
