but I'm gonna keep it clean and the ones is pulling
trigger
it will kill both parents for that single mine
read the song springing a lot of ..keep her in this palm
and.. told her to be patient if try to give someone time
although she hear this kind of ..her just waiting just be
combo way
this is for the skept this is for ..
this is for the over even under achievers for the ones to
speak the truth
I don't f*ck that you deceive us see the though
for the song and I suggest and all the..leave us mad
this is for the real, this is for the fake
this is for the dub, this is for the snakes
for the ones who get the love
and the ones who give the fate and I expected a few to
say ti

to the ones who stack it up you know it must be more
