Man I do this for mama it ain't much for starter  
I do this for my niggas all thought they felt like I forgot  
'em  
I do this for my people who stuck there at the bottom  
To all my niggas who's in jail told me  
If I had a problem just see them up  
But since their down right now I swear I got 'em  
I never abandon my niggas been standing right that I  
oughta  
'Cause I'm away from the bitching and playing that shit  
that's the way I was brought up  
Could never let any of my niggas get jumped if  
outnumbered you stay far 'cause boy  
I'm a real nigga, real nigga man there's a short of real  
niggas  
City on my back shut the fuck up let a nigga just deal  
with it  
And they were stuck with distractions boy I was tryina'  
make it happen  
Moved a little but never mistake no movement for no  
actions  
They ain't doin' shit start doing the usual shit  
Learn that got your mouth boy know whom to which  
you're fooling with  
Look man we've been real since the grizzlies won  
Man that game Vancouver bitch  
You can tell that I ain't doing this

[Chorus]

Heading for the stars living on the clouds  
Ain't no stopping me at night I ain't coming down  
Say what you want I'ma do it my way  
Even if you want it too you couldn't stop me in a day  
This is what I do, I'm on my way , this is what I do

Man I do this for Ms. Ashley I swear that girl my lady  
Well I do it for Cherede I wouldn't trade her if you pay  
me  
Like I don't do it for Keith and Chloe that's my baby  
Just like Sledger do it for Bree  
And y'all just do it for Adam boy

I swear I'm on my scholar shit I never had a scholarship  
worth a dollar shit  
So I out of verses cheap I suggest you hollar quick  
You fucking niggas man I ain't the type of dick who  
follow ticks  
Fuck they expect, I repped a mill my way to Chicago  
But I was tryin' to manouver to the manual dreaming  
and spitting and good in this cube  
You niggas losing please getting tune up whatever we  
doing  
Swear you niggas weak at 24 the heavy pee  
All my bitches look like Jet beauties so do we  
I never fancy jail or spend my life behind bars  
And only when it's dark enough outside we see stars  
And nighttime at my city that's when so many niggas  
seen me  
'Cause when I spit it's smooth and thin shatter one day  
it's Gerald Walker

[Chorus]

Heading for the stars living on the clouds  
Ain't no stopping me at night I ain't coming down  
Say what you want I'ma do it my way  
Even if you want it too you couldn't stop me in a day  
This is what I do, I'm on my way , this is what I do
