Your gonna be lonely

Baby how ya been I been doing fine

Been taking my time to get myself on track

Why you'd never call you used to have my back

Whenever I fall you we're always there for me

Now you're not at all so it's been awhile

Was trying to figure out when it's my turn to smile

I think that time has come be careful what you say

If it's game you want then you know I came to play

(Chorus)

Don't think too bad of me

It's just so sad to see

You used to be proud of me

Now your gonna be lonely

Without me as your friend

Goes around it'll come back again

When I was your only

Now your gonna be lonely

Now you're alone

Now your gonna be lonely

Now you're alone

Now that I have gone

Now you say what's up because you know the deal

What you think I feel when I lay down at night

Because I don't have you, you think I'm not all right

I say this for myself I don't need nobody else

Before it's too late said you better think twice

Love or you can hate me all that you like

(Chorus)

Don't you think too bad of me

It is just so sad to see

You used to be so proud of me

Now your gonna be lonely

Now you're alone

Now your gonna be lonely

Now you're alone

Now your gonna be lonely

Now you're alone

Now that I am back

Now that I am back

That I'm back

You gonna be you gonna be lonely

You gonna be lonely

Take it from me

What you did to me, gonna be lonely

Yeah yeah yeah now that now that I'm back

You gonna be

You gonna be lonely
