[Chorus: repeat 2X]

The money I made didn't change me, nigga it changed you

I stayed the same through my wealth, but take a look at you

Back in the days I went to school wit ya, too cool wit ya
But seems like now I can't fool wit ya

[DJ Paul]

Back in the days I went to school wit ya (Ya hear me)

Like blood brothers I was cool wit ya (Ya feel me)

I remember times I carried tools wit ya (I clapped)

But now days I can't fool wit ya (I swear)

You said I started to act funny (I can't see it)

Since I made me some money (You believe it)

It wasnt no problem when I gave it to you (I know)

But since I quit I'm in the wrong to you (Thats low)

It ain't my fault that I kept chasin my dreams

You claimed you couldnt see the woods, because of
too many trees (You dummy)

And dispite impossibilities (You know)

I turned to all impossibilities (For sho')

But that ain't keepin it real in yo mind (I see)

I gotta feed yo family and mine (Nigga please)

I hate so bad that can't keep pleasin (Keep Samplin)

I guess everything happens for a reason (Shit happens)

[Chorus]

[Chrunchy Black]

I can't call you everyday, I got studio and shows

You always want some money but ain't never wrote no
flows

You think I gotta put you in all our videos

And every time I buy something you want some C notes

You think you outta quit your job and come and work
for me

So you can sit on your ass and get paid for free

So if you sit down and give this shit a little thought

You the one thats actin funny so I cut your water off

[Juicy J]

Some people hate that Project Pat and Juicy J on the
spot

We pay cash for our cars that we push off the lot
Back in the day they use to say this rappin shit was a
flop

But we done made our Mil tickets now they jealous and
hot

Dont get mad, ghetto niggaz went from rags to riches
Straight outta North Side High now we stackin and
pimpin

I ain't forgot about the hood, cause the hood is still in
me

I know its all to the good, all together we winnin

[Chorus]
