You walk in like you never seen the light,
You walk in like it every night,
But I've never seen you dance and I never heard you
sing,
So how could it mean a single thing?

It's all so rudimentary

You're talking like your handy in a fight,
You talk about it every night,
But I've never seen those flowers in the barrell of your
gun,
All I've ever seen you do is run,

It's nice of you to mention

But tell me baby how does it feel?
I know you like the roll of the limousine wheel yeah
And they all get them out for (- they all get them out)
For the boys in the band (- only for the boys in the
band)
They twist and they shout for (- they twist and they
scream and shout)
For the boys in the band (- only for the boys in the
band)

You walk in like you never seen the light
You walk in like it every night
But then I stopped to think and I asked myself 'why?'
It's one of those things that darling you must try

It's all so rudimentary

And now I'm jealous I'm jealous of my own
I've no homestead but through these hearts I will roam
yeah
They all get them out (- they all get them out)
For the boys in the band (- only for the boys in the
band)
They scream and they shout for (- they twist and they
scream and shout)

For they boys in the band (- only for the boys in the band)

(guitar solo)

But tell me baby how does it feel?

I know you like the roll of the limousine wheel yeah

And they all get them out for (- they all get them out)

For the boys in the band (- only for the boys in the band)

They scream and they shout for (- they twist and they scream and shout)

For the boys in the band (- only for the boys in the band)

Yes they all want them out for (- they all want them out)

For they boys in the band (- only for the boys in the band)

They scream and they shout for (- they twist and they scream and shout)

For the boys in the band (- only for the boys in the band)
