Don't be shy
Don't be shy
For if you are shy for tomorrow you'll be shy for 1000
days
Hey
Don't be shy
Don't let the tide of your soul drown your nights and
flood your days

But still it's better to be shy than screaming drunken
old queen who's always got to get his way
But don't be coy with me I'm too clever to follow you
down
To the dark and stormy weather, babe
The bracket's wider now
So what's your pleasure?
Swallow your pride but please

Don't be shy
Don't be shy
For if you are shy for tomorrow you'll be shy for 1000
days
Now is your time to shine
Dance and hear your song
Or you may wake up one day in the last chance saloon
To find your last chance has been and gone
Don't be shy
Don't be shy
If you are shy for tomorrow you'll be shy for 1000 days
Hey hey hey
