I look in the mirror and all I see is the reflection of
perfection looking back at me.

Amazement never ceases

Creating masterpieces

A flower's in full bloom

You never have to assume

Whatever you do is right

You're always in the limelight

Always looking at you

They've never seen through

Chorus

I don't know why you don't know my name

In this world life is so insane

Though you think that we are all the same

Someday you will see the whole world change

Take a long hard look in the mirror

Listen to all the people cheer

Sunrise on a beautiful day

You know just what to say

Pat on the back congratulations

Postergirl for the nation

CHORUS

Applying makeup ten times a day

Teen model is here to stay

Star gazing on a clear night

Never have to put up a fight

4.0 GPA

Lead role in the school play

CHORUS

guitar solo

CHORUS

Will you ever know my stupid name

Why is this world completely insane

Why do you think we are all the same

Will you ever see anything change

No
