...and now that we're dead.  
We've learned how to live.  
Our failures taught us how to forgive.  
And now that we've rise  
from the ashes of me and you,  
all our dreams shall come true.

Floating in circles,  
stars shine a light our way  
to meadows and fields,  
green as the grass  
where we lay down...  
...forever.

And now that we're clean,  
our souls can be free.  
Our love is the only drug we need.  
And now that we're one,  
we don't need any God,  
divinity flows in our blood.

Floating in circles,  
stars shine a light our way  
to meadows and fields,  
green as the grass  
where we lay down...  
...forever.

... Love is patient, love is kind.  
It does not envy,  
it does not boast,  
it is not proud.  
It is not rude,  
it is not self-seeking,  
it is not easily angered,

it keeps no record of wrongs.  
Love does not delight in evil  
but rejoices with the truth.  
It always protects,  
always trusts,  
always hopes,  
always perseveres.  
Love never fails.  
And now these three remain:  
faith, hope and love.  
But the greatest of these is love...  
...But the greatest of these is love ...
