Born on a gloomy night
Raised the evil way
A son of an unnamed
Born by freak
Molten books, ancient scripts
Dreadful tales of evil ways
Interpreted the child
Cleanse the world
When the stars are right
They will rise from the sea
Creatures from out of time
Creatures out of mind
Sacrifice to the lord
Light fires upon the hills
Scream the words, the key
Prepare the funeral
Sacrifice yourself to the master
Sacrifice your soul to the great
Scream out the words, scream the key
The demolition prophecies are true
Behold
The funeral
Be evil
Evilized
See that
The world is lost
It's evil
Evilized
Behold the master
Migrate to the surface
Wave goodbye to your soul
and to your mind
Mind-blasting terror
Extreme mass manipulation
will start up the mayhem
as evil returns
Rancid bodies dismembered
Rigid facial expressions
All covered in blood
Cascades of brains
Reed deep into the books
The mayhemic tales of terror

Horrifying evil visions
Behold the return
Sacrifice yourself to the master
Sacrifice your soul to the great
Scream out the words, scream the key
The demolition prophecies are true
Behold
The funeral
Be evil
Evilized
See that
The world is lost
It's evil
Evilized
