This is our new song.
Is it good or bad?
Same as our other song.
Weâ€™ve just been had.

Insatiable banalities (we want no more, no more)
Insatiable banalities (let go of your, of your)
Insatiable banalities (we want no more, no more)
Insatiable banalities (let go)

As quick as weâ€™ve come,
Is it find or fad?
Weâ€™re done by twenty-one.
Weâ€™ve just been had.

Insatiable banalities (we want no more, no more)
Insatiable banalities (let go of your, of your)
Insatiable banalities (we want no more, no more)
Insatiable banalities (let go)

Weâ€™re good in our own minds,
But no oneâ€™s there.
It happens all the time,
But we donâ€™t care.

One more time around, around my shoulder
One more time around, around my mind
One more time around, around my mind

Insatiable banalities (we want no more, no more)
Insatiable banalities (let go of your, of your)
Insatiable banalities (we want no more, no more)
Insatiable banalities (let go)

I canâ€™t recall our name.
It sounds quite sad.
â€˜Cause every lickâ€™s the same,
Weâ€™ll always be had.
