Just like that, like nothing, this is where I am.
A million lifetimes pass away like a billion other plans.
Like lint or dreams or giggling schemes
through lifetime's dwindling span,
through every single maybe, who's your man?

I was gonna be the next one, the one to split to the sea,
the one who was gonna change the world.
Do you remember me?
We've heard this story a trillion times.
Yeah, it didn't work out as planned.
But that's okay 'cause baby, who's your man?

Ooh, you're still with me -
this fate or luck or destiny.
Somehow, baby, you're still here with me.

Ooh, you're my little girl, see our world go
'round.
Little girl, see our world,
And nothing's gonna change it now,
Nothing's gonna break us down,
Nothing in the world, little girl.

Ooh, you're still with me -
this fate or luck or destiny.
Somehow, baby, you're still here with me.

Ooh, you're my little girl, see our world go
'round.
Little girl, see our world,
And nothing's gonna change it now,
Nothing's gonna break us down,
Nothing in the world, little girl.

Yeah, yeah, yeah, little girl, see our world go 'round.
Little girl, see our world,
And nothing's gonna change it now,
Nothing's gonna break us down,
Nothing in the world, little girl.
