You feel me
So what now?
Where do we go from here?
The damage is so severe
And what you've done will never fucking be repaired
But what's done is done, son
You'll never understand
But here we are again, yeah here I am again
And what the fuck is it gonna take?
How am I ever gonna make myself a man again?
And bring myself to stand again?
On my own two fucking feet
You better tell me what to do 'cause its you this time
that failed me
Go

You failed me
You failed me
You failed us all
Nothing left for us to say
Nothing more between you and me
All my trust is gone
But never my vindication
Vindication

So what the fuck?
Where do we go from here?
The damage is done so bite your tongue
Because your words will never be sincere
What's done is done, son
You'll never understand
Blood on my hands again
Blood on my hands again
That's what its gonna fucking take
And you can bet your ass I'm gonna make you pay
The time has come for you to see
What you've done, what I've become and how you
failed me
Go

You failed me

You failed me
You failed us all
Nothing left for us to say
Nothing more between you and me
All my trust is gone
But never my vindication
Nothing left for us to say
Nothing more between you and me
All my trust is gone
But never my vindication
Go

You can't take my pride away from me
The one thing you'll never take away
You can't take my pride away from me
The one thing you'll never take away

You can't take my pride from me
And that's all there is to say
You can't kill integrity
And that's all there is to say

Yeah that's all there is to say
But I got one thing left to say
Go
Pay your debt to me
Pay your debt to me
