[Justin]

I never thought you were a fair-weather friend

You never let me down, you're true to the end

You're in the darkest hour, when all was lost

Somehow you left the light on

You faced the wrong and showed the world a thing or two

Stood up for me, for you

And you should know

1 - Some say it wasn't worth the things we went through

(Things we went through)

I say it ain't worth losing you (losing you)

I hope you know how much you've changed all our lives

(Someday) Someday you'll see

If only through Heaven's eyes

If only through Heaven's

[JC]

I still remember the things that you said

I keep your words alive I could never forget

Cause in the final hour you made me proud

So proud that I could know you

You told the world its time that they believed in you

You stood for right and truth

And you should know

Repeat 1

If only through Heaven's eyes

[JC & Justin]

And so we can't forget

We've got to keep remembering them all

The ones who took the fall

They did it for us all

[JC & Chris]

And we should learn from it

Stand up if you believe in it

You've got to face the world... be strong

(Strong, strong, strong, strong)

Repeat 1

If only through Heaven's

Repeat 1

If only through Heaven's...

Some say it wasn't worth the things we went through

(Things we went through)

I say it ain't worth losing you (losing you)

I hope you know how much you've changed all our lives

(Someday) Someday you'll see

If only through Heaven's eyes

If only through Heaven's eyes
