All I Want

You cant ignore or hide away  
cant escape from the things  
that line our way  
take it, leave it, break it  
anyway,you cant get back to yesterday

All I want, all I want to do  
you better listen from now on  
stop what's going on, stop  
what's going wrong  
you better listen from now on

Confidence, coincidence, call it a sin  
it's just like people say  
tomorrows here so open up your eyes  
never hesitate

It makes me want to give you everything  
pick you up and take you home again  
hold you tight and think that now is then  
all I want to do

All I want, all I want to do  
is make you listen from now on  
cardboard men are strong,  
but paper can be torn  
oh, you better listen from now on
