When i gaze into those pearly blues  
The dark abyss that i once knew  
Fades into the past  
It's like a secret that you can't forget  
A leackof trust,of confidence  
but we'll kill the rest

-We still dance tonight  
God,it feels so right  
To sing this song as i  
force my mind to sleep  
We still dance tonight  
God it feels so right  
To sing this song as i  
force my mind to sleep

In case you didn't notice  
It's like they never said  
We're all pretending to be something  
But we're nothing in the end  
Tomorrow is a new day  
but everyday's the same  
We're l-l-l-learning slowly  
From our ways

When nothing's all we hold onto  
The past of lies just feels so truth  
This all will fade away  
The darkness in this dying light  
Once dear hope is out of sight  
We'll both move on okay

-We still dance tonight  
God,it feels so right  
To sing this song as i  
force my mind to sleep  
We still dance tonight  
God,it feels so right  
To sing this song as i  
force my mind to sleep  
In case you didn't notice  
It's like they never said

We're all pretending to be something  
But we're nothing in the end  
Tomorrow is a new day  
but everyday's the same  
We're l-l-l-learning slowly  
From our ways  
From our ways

-We still dance tonight  
God,it feels so right  
To sing this song as i  
force my mind to sleep  
We still dance tonight  
God,it feels so right  
To sing this song as i  
force my mind to sleep

In case you didn't notice  
It's like they never said  
We're all pretending to be something  
But we're nothing in the end  
Tomorrow is a new day  
but everyday's the same  
We're l-l-l-learning slowly  
From our ways  
From our ways

WE'RE OKAY
