Tell me what you're thinking
You there with the long brown hair
What is it you're wishing?
If it's love mujer then I'll be there

Tell me what you want girl
If its arms you need, I'll hold you tight
What is it you're feeling?
Tell me everything, we got all night
I see your lonely heart is longing to be loved
Put all your fears away
If you listen, this is what I'd say...

Ven ven conmigo
I'll take you where you've never been
Ven ven conmigo
I'll bring you back to life again

Oooh... oh my senorita...
I can't bear to see you by yourself
Here in this cantina
When I know we could be somewhere else
I know your broken heart is aching
If you just look my way
I'll tell you what I have to say...

Ven ven conmigo
I'll take you where you've never been
Ven ven conmigo
I'll bring you back to life again
Ven ven conmigo
I wanna take you by the hand
Ven ven conmigo
If you let me, I will be your man
Oooh... come with me...

I see your lonely heart is longing to be loved
If you just look my way
I'll tell you what I have to say...

Ven ven conmigo

I'll take you where you've never been
Ven ven conmigo
I'll bring you back to life again
Ven ven conmigo
I wanna take you by the hand
Ven ven conmigo
If you let me, I will be your man
Ven ven conmigo
Won't you, won't you come with me?
Ahh... ven ven conmigo
I'll bring you back to life again...
Ven ven conmigo
Won't you, won't you come with me...
