Give me back my wig, honey let your head go bald
Give me back my wig, honey let your head go bald
You really had no business, honey buyin' no wig at all

Give me back that wig, honey let your head go bald
Give me back that wig, honey let your head go bald
You really had no business, honey buyin' no wig at all

Give me back that wig, honey let your head go bald
Give me back that wig, honey let your head go bald
You really had no business, honey buyin' no wig at all
