Like a queen bee's honey....Your as sweet as can be

I'm the king baby....Buzz with me

Dive in your hive....And into your life

Tell me little baby that you'll buzz me all the time

'Cause the way we kiss....Just can't miss

Don't make me wait to feel your warm embrace

Each and every time that we get the chance

Come on little baby let's make some romance

Yeah you really groove me baby when you move your  
hips

Shake it all around and change me pound for pound

I want you all the time just because

You know you really have give me a buzz
