Well hello baby, Tell me, How have you been?

We all have missed you, And the way you grin

The day is necessary, Every now and then

For souls to move on, Given life back again

Fly on, Fly on, Fly on my friend

Go on and live again, Love again

Day after day, Night after night

Sittin' here singin', every minute

As the years go passin' by, by, by, by

A long look in the mirror, We come face to face

Wishin' our love we took for granted

A love we had yesterday,

Life Without You

All the love, you've passed our way

The Angels have waited, for so long

Now they have their way

Take your place.
