Woke up this morning, I was all alone  
Saw your picture by the telephone  
I was missing you so bad  
Wish I had you here to hold  
All I've got is this touch telephone  
Guess I'll have to give you call

Operator, help me please  
Get through to my baby way overseas  
Times a' waistin ohh so fast  
Hello baby, tell me is that you  
I don't know what we're gonna do  
But for now I'm glad I've got you on the line

Well, it feels so fine knowing you're all right  
But you're miles away, Lord it's not the same

Well, I woke up this morning, I was all alone  
Saw your picture by the telephone  
I've been missing you baby, oh so bad  
I love you baby with all of my might  
Come on home and squeeze me tight  
Long-distance lovin' gonna drive me out of my mind

Better come on home baby  
I'm about to go crazy  
I'm tired of huggin my pillow at night  
It sure don't kiss as good as you do  
In all them pictures you gave me...  
Your lips don't move at all  
All your clothes in the closet, on the hanger  
I just can't wait to put my arms around you
