Do You
Do you feel alone
Looking for love
No one even knows just what love means
And you will dream
You dream of the day
When you've found your way
To the man who will stand by your side always

Oh oh oh oh I'm with you now
I always knew
We'd figure it out somehow
And oh oh oh oh
It's plain to see
I've fallen for you and now you've fallen for me

Did you wonder in the night
If you'd be allright
When the silence filled the air
And it seemned, seemned you threw it away
The best chance you had that's when we were ten
thousand miles apart

And oh oh oh oh I'm with you now
I always knew
We'd figure it out somehow
And oh oh oh oh
It's plain to see
I've fallen for you and now you've fallen for me

Well I
I am the one
I am the one
You have been waiting for
Now is the time
Please don't be blind
I'll give you everything you want and more

oh oh oh oh I'm with you now
I always knew
We'd figure it out somehow
