I'm scratching a picture on the wall
Of a man called Nothing At All
Why are they keeping me here?
Please, let me go
Please, let me go

I'm hearing voices deep inside my head
But I don't want to listen
Why don't you leave me? Just leave me alone
'Cause I'm in no condition

Join us, I won't follow you
Join us, oh, there's nothing you can do
Join us, you are never going to win
Join us 'cause I'll never let you in

What are these creatures crawling over me?
'Cause I'm in no condition

Join us, I won't follow you
Join us, oh, there's nothing you can do
Join us, you are never going to win
Join us 'cause I'll never let you in

I claw at the walls until my fingers bleed
Is it really happening or is it just a dream?
Dream

I look in the mirror
His eyes stare right back
He is always watching
This room turns to black

We are the voices deep inside your head
But you don't want to listen
But we won't leave you, won't leave you alone
'Cause you're in no condition

Join us, I won't follow you
Join us, oh, there's nothing you can do
Join us, you are never going to win
Join us 'cause I'll never let you in

You'll never win
