Help me, I'm shattered again
Life is dripping out of me
A pounding like never before
It's time to end the agony

A whipped dog, programmed to obey
I've got to do this right
Got to retaliate
Find the strength and mount a fight

Battered, battered
Got to fight back
You are battered, battered
A vicious attack

Living in a fantasy world
It's all but make-believe
Stalking, never let me go
Hunt me down if I try to leave

Insults add to injury
Relive it again and again
The sentence will be bloody and swift
It's time to put this all to an end

Battered, battered
Got to fight back
You are battered, battered
A vicious attack

Battered, battered
Battered, battered
Battered, battered

Got to find the strength inside
Just one more chance, I'm getting tired
I'm not going to take it anymore
No more

Help me, I'm shattered again
I've got to take control
No more, the end of the pain

I must reclaim my soul

Tell me, my life is coming back
Am I the chosen one?
Begging for mercy
I did what had to be done

Battered, battered
Got to fight back
You are battered, battered
A vicious attack

Battered, battered
Battered, battered
Battered, battered
