We can make it something but both know that there's
nothing
It's like couple suicide, it's not going right
We ain't got no feelings, so why don't we stop
dreaming
Shake it up a little bit to sleep a little better at night

We had to take two steps back, just to make it
something
Get back the thing that lacked, the fact it's never gonna
work out
We had to take two steps back just to make it
something
Get back the thing that lacked, the fact it's never gonna
work out
And I know you know it, too

And we can make it something but both know that
there's nothing
It's like couple suicide, it's not going right
We ain't got no feelings, so why don't we stop
dreaming
Shake it up a little bit to sleep a little better at night

We had to take two steps back, just to make it
something
Get back the thing that lacked, the fact it's never gonna
work out
We had to take two steps back just to make it
something
(Maybe you know what's right)
Get back the thing that lacked, the fact it's never gonna
work out

And I know that you know, too
You know, I know you do, baby
Now, what we gonna do about it?
What we gonna do?

When you said goodbye, you can't say I didn't try
To make it all better
Something had a hold on me and I couldn't see

But now I can and now I know I'm free

We had to take two steps back, just to make it
something

Get back the thing that lacked, the fact it's never gonna
work out

We had to take two steps back, just to make it
something

(Maybe you know what's right)

Get back the thing that lacked, the fact it's never gonna
work out

We had to take two steps back, just to make it
something

(Maybe you know what's right)

Get back the thing that lacked, the fact it's never gonna
work out

You know I know you do, baby

And the only way to end this thing

Is if we drive it six feet underground
