Psychotic tendencies have put me here for life  
Dreams of smashing little things before they ruin my  
life  
Find means capable of smothering a flea  
Extermination is their end, escaping not from me

Retaliate, decapitate  
I love to see them bleed  
Annihilate  
I am human insecticide

Creepy black mass, I see one down below  
Prepare to strike, act quickly now, strike the fatal blow  
Extinguishing the menace, they will know my name  
Destroying these, the lives of waste, delivered now to  
pain

Retaliate, decapitate  
I love to see them bleed  
Annihilate  
I am human insecticide

Asphyxiate the flame of life  
From hatred they will die  
Power kept in my control  
Their souls are caged with mine

Expelled from life, they cannot hide, I will find them out  
Their game's lost, I hunt them down, their end without  
a doubt  
Psychotic tendencies, my dreams are coming true  
My plans are set without repent, I'm tightening the  
screw

Retaliate, decapitate  
I love to see them bleed  
Annihilate  
I am human insecticide

Insecticide, insecticide  
Insecticide, insecticide  
Insecticide, insecticide

Insecticide, insecticide
