Born into the violence
The cycle begins again
Bred to carry on
A lesson that never ends

Spoon-fed propaganda
To the children of the damned
Spreading it like a disease
Spreading across the land

Hate intimidate fear
A violent education
Hate intimidate fear
A hopeless generation
Like father, like gun
Like father, like gun

Marching into streets
Preparing another attack
Incendiary devices
Strapped to the back

Justifying their actions
All in the name of a God
But what kind of religion
Condones a killing squad?

Hate intimidate fear
A violent education
Hate intimidate fear
A hopeless generation
Like father, like gun
(Yeah)
Like father, like gun

Like father, like gun
(Ow)
Like father, like gun

No more sorrow
No more pain

Let these children
Live again

Born into the violence
To the children of the damned
Bred to carry on
Spreading across the land

Like father, like gun
(Ow)
Like father, like gun
Like father, like gun
(Oh yeah)
Like father, like gun

Like father, like gun
Like father, like gun
Like father, like gun
Like father, like gun
